LOUISA, LAWRENCE COUNTY, KENTUCKY, JULY 14, 1905.

July 7.

The State Prison Board granted parole to Beriah Hagios, of Breathitt county, and Blackburn Boone, of Fayette county.

The State Capitol Commission has fixed Tuesday, August 1, for receiving and opening bids for the construction of the new Capitol building.

Texas towns were swept by a tornado. Fourteen persons were killed and many others were injured. At Montague, the death is nine and the number of injured is unknown.

Minister Rouvier gave a luncheon at the Foreign Office in Paris yesterday, in honor of the Special Ambassador and American Naval Officers of the expedition to receive Paul Jones, remains.

The funeral of the late John Hay took place in Cleveland. The services were simple in accordance with the wishes of the family. The President and his party left Cleveland directly after the funeral.

The pardon by the President of N. S. Keady and W. M. Jacobs, the Pennsylvania counterfeiters, was a great surprise to the officials of the Treasury Department, who say the men were dangerous criminals.

In an Independence Day address at Monclair, New Jersey, Hon. T. Washington referred to the policy of Chinese exclusion in a manner that leads to the inference that the favor is his request. He said he thought we would learn that it will pay from every point of view to give these people a fair chance.

The monthly crop report of the State Agricultural Department shows that the cultivation of corn and tobacco has been retarded by the rains, that there is a decreased acreage of barley, a decreased prospective yield of wheat and a nearly normal prospective yield of oats.

It is stated that the President has offered the position of Secretary of State to Elihu Root and that Mr. Root has accepted.

Negotiations have been completed in London for the Japanese loan of \$100,000,000 with the tobacco monopoly as security. The prospects will be of July 11.

Four fires in Nashville in less than twelve days caused a loss of about \$750,000. Two fires yesterday contributed \$200,000 to this amount. Incendiarism is suspected.

Revenue from the first month of the new stock transfer tax in New York State indicates that the annual revenue from this source will aggregate five million dollars.

Two murders will pay the penalty in Kentucky today. Robert Mathey will be executed at Owensboro this morning, and George Holland will be hanged at Hopkinsville.

At Tokio yesterday the Japanese Emperor in an address to his plenipotentiaries to the Washington Peace Conference urged them to make every effort to secure the re-establishment of peace on a durable basis.

Twenty-six persons are known to have been killed by the tornado which swept a portion of Montgomery county, Texas, Wednesday afternoon. Fifty others were injured and the property loss will probably reach \$250,000.

Gov. Beckham has asked the State Insurance Commissioner to investigate at once the charges filed with the Executive that fire insurance companies are charging property insured in Kentucky rates that are out of proportion to the losses and much higher than the rates charged in other States.

An Associated Press cable from Odessa says it is reported that the mutinous battleship Potemkin has been blown up near Theodosia and the Odessa correspondent of a London paper cables that the mutineers are bombarding Theodosia and the tower is burning. St. Petersburg is without information. The whole of the Crimean Peninsula is reported on the verge of revolt. The Black sea fleet is reported to be on its way to Theodosia. It should have arrived there last evening if it is true that it left Sebastopol.

July 8.

Grover Cleveland denies reports that he is to retire as one of the trustees of the Equitable Assurance Society.

Robert B. Mathey white, was hanged for murder, at Owensboro, and George Holland, at Hopkinsville, also for murder.

The mutinous Russian battleship Potemkin has escaped her pursuers. A torpedo boat and the Black sea fleet are hot on the trail.

It was officially announced at Oyster Bay yesterday that Elihu Root had been appointed Secretary of State and would take the oath of office in a few weeks.

The President is considering the question of transferring administration of Panama canal affairs from the War Department to the State

Department, and it is not likely that the change will be made.

It is said that Sweden is taking precautionary measures on the frontier to offset the reported threatening attitude of Norway. The Swedish treasury yesterday borrowed \$6,500,000 to pay extraordinary expenses.

The German supervisory office for private insurance companies has demanded of the Equitable Life Assurance Society and the Mutual Life Insurance Company, of New York, that they declare by August 1 in what manner they propose separating their premium reserves on German policies from general reserves, and now they intend to invest them.

Judge A. M. Cochran, of the United States Court for the Eastern District of Kentucky, yesterday handed down a decision holding that the catch power case was transferred to the United States Court, by his petition for removal. He ordered the writ of habeas corpus to issue, to transfer the custody of the prisoners to the Federal authorities. The attorneys for the State will take an appeal to the United States Supreme Court. An order was issued that pending the appeal the prisoners should be kept in jail in Newport.

July 9.

Secretary Taft and party sailed from San Francisco yesterday afternoon for the Philippines.

The fifth annual meeting of the Kentucky County Attorneys' Association, will be held at Crab Orchard Springs, beginning Tuesday next.

The French Government has conferred the cross of the Legion of Honor upon Admiral Nogués and other American naval officers who sailed France to receive the remains of Paul Jones.

Premier Rouvier, of France, and Prince von Rodin, the German Ambassador at Paris, yesterday reached an agreement on the Moroccan question by which France agrees to participate in a conference which will probably be held at Tangiers.

The belated Fourth of July celebration by the American society in London was a brilliant affair. Many notable persons were in attendance and happy speeches were made, among others, one by Ambassador Whitelaw Reid and Lord Lansdowne, the British Foreign Minister.

The mutinous crews of the Russian battleship Potemkin and a torpedo boat surrendered to the Russian authorities at Kustufi yesterday. They will be conveyed to any frontier they may select and then will be liberated. Russia will make no protest against the mutineers being treated as single deserters. It is thought imperative that justice be meted out to the ringleaders as an example to the fleets of Russia and of the whole world.

It develops that the work of the mob which forced its way into the jail at Russellville Monday night for the purpose of lynching several men confined there was more of a comedy of errors than the tragedy it was intended to be. In the confusion a rope was thrown around the neck of the leader of the mob under the supposition that he was one of the men wanted, and he was dragged half a block before the mistake was discovered. John Schar, one of the men wanted, and charged with assault on Marie Gladder, was convicted at Russellville yesterday and his punishment fixed at death.

Commonwealth's Attorney Franklin authorized a statement yesterday that the jailer at Georgetown had been instructed to surrender Calhoun Powers to the custody of the United States Marshal on presentation of the writ from Judge Cochran's court. Mr. Franklin further said that the special term of the next Circuit Court would be called tomorrow, but the only step would be the entry of orders taking official cognizance of Judge Cochran's decision. An appeal will be prosecuted by the Commonwealth to the Supreme Court as soon as possible, and at the same time mandamus proceedings will be instituted in that court for the purpose of securing an order directing Judge Cochran to remand the case to the State Court.

July 10.

After August 1 no more gambling licenses will be issued in the City of Mexico.

A marked decrease in the number of labor unions, due to the disastrous effects of unsuccessful strikes, is shown in the official report of Commissioner of Labor Sherman, of New York.

A race war broke out in the heart of New York City yesterday, when a negro was accused of interfering with a baseball game. Two persons were shot and badly wounded, one of them a woman.

Southern manufacturers of pig iron look for an early resumption of business and a consequent improvement in business conditions. Several idle furnaces in the Alabama district are preparing to resume operations and there will be no curtailment of the output, despite the dull market of the past month.

Admiral Kruger yesterday afternoon boarded and took charge of the Kulax Potemkin at Kustufi, Roumania. Everything on board the battleship was in a state of wild disorder and the books and papers of the vessel have been destroyed by the mutinous crew.

Complete occupation of the island of Sakhalin by the Japanese is recorded both in newspaper comment and in Government circles in St. Petersburg. There is a difference of opinion as to the effect it will have on the negotiations at Washington, some of the irreconcilables declaring that it makes peace at the present juncture more difficult than ever before. Washington dispatches say that Japan will not consent to China's request to be represented at the peace conference, but Russia is inclined to favor it. It is considered unlikely that China's claim will be pressed by the Washington Government.

### Older the Better.

"Yes," said the old man to his young visitor, "I am proud of my girls and would like to see them comfortably married; and as I have made little money they will not go penniless to their husbands. There is Mary, twenty-five years old, and a good girl, I shall give her one thousand dollars when she marries. Then comes Bet, who won't see thirty-five again, and I shall give her three thousand dollars. And the man who takes Eliza, who is forty, will have thousands of dollars with her."

The young man reflected a moment and then inquired:

"You haven't one about fifty, have you?"—Judge.

### BEST HER DO-IT-SELF.

"I know no one for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hinton, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as an arrow. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at A. M. Hughes' drug store; price 50c.

### Lawrence County Court.

June 29, 1905.

### CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Sold by Louisa Drug Co.

The editor and his wife disagreed with each other very materially. She sets things to right, and he writes things to set. She reads what others write and he writes what others read. She keeps the dwell out of the house as much as possible, and he retains him. He knows more things than he writes and she writes more than she knows.

The pills act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for children or adults. Sold by Louisa Drug Co.

### Big Sandy Girl in the West.

On the morning of May 23, I boarded a train on the Santa Fe Road for Pond creek, Oklahoma, leaving Bartlesville, I. T., and going due north to Independence, Kansas, from there to Wellington, 190 miles west through Kansas, crossing the Arkansas river and viewing the plains of Kansas of which we have so often read. At Smith Winfield had my first experience in a wreck, but was only frightened and not injured myself, there being only one passenger hurt. There I went south-west over the R. I. railroad and arrived at Pond creek and was surprised at finding a beautiful town of 3,500 inhabitants, the county seat of Grant county, situated on the Salt river, a tributary to the Arkansas. This town has been thriving for 11 years. Has improvements of which larger cities can boast, such as paved streets, beautiful shade trees, two school buildings, seven churches and the largest store in Oklahoma. While here I was driven to the country most every day, where I could see the beautiful wheat fields and the fine farming lands of which the west is so proud. Also visited the barrens fields and saw machinery cutting and binding wheat. As farming is mostly done by machinery and horses one can do the work of 10 in the mountains. Also saw what are termed sand hills and had several experiences in sand storms. People who have not viewed the plains of the west can't imagine how magnificent they are. Civilization is as far advanced here as in the east. Hence I think we apply the wrong name when we term it "The Wild West."

On my return to Bartlesville I passed through Enid, a town of 25,000 inhabitants, crossed the Canadian and Cimarron rivers, and visited Guthrie, the capital of Oklahoma. I visited the capitol, the carriage library, the masonic temple and other important buildings. From Guthrie north for 50 miles I saw hundreds of acres of cotton growing, the part of the territory is more mountainous than the northern part.

Bartlesville is a growing town of 3,500 inhabitants and in the midst of the oil fields. While in the west I have spent months of my time in this town. On June 26 I shall leave the beautiful west and return to my home among the mountains.

Mary A. Kirk, (Miss Kirk is the daughter of Judge Kirk, of Martin county, and niece of the Hon. A. J. Kirk, Circuit Judge of Inez, Ky.)

### Webbville.

Writer got back from Hoiden, Va., where he had been for 14 days on account of the illness of his daughter, Mrs. Marie Farley. Left Logan at 3 o'clock one day and reached here next day at 9:30.

The ties have almost been loaded out alive writer left Webbville.

Ed Webb is better. Mrs. Giles not improving.

Very few in town. Everybody is busy with grass and oats. Mr. Editor, Hoiden is a mining town of 15 months growth, 1 mile above Logan, Va., up Island creek, owned by the U. S. Coal and Oil Company, managed by Mr. Merrill, of Pennsylvania, one of the best business men, and most pleasant and as commodious man as I ever met and is about 33 years old and a single man. Hoiden is the best mining town in the United States, with 200 10-room houses, all plastered and lighted by electricity. Four officers houses, fine electric plant, machine shop, ice plant, water work, large saw planing lath and shingle mill, fine club house, store, six 100 feet, opera house 60x100, 2-story school house, four rooms, and the prettiest laid out town I ever saw, about 2 1/2 miles long, streets all graded. There are thirty thousand acres in the tract, owned and controlled by the company. One fork of Island creek runs through the center of the town all the way, the creek crisscrossed with logs and rocks for 2 1/2 miles keeps it in channel. The rest is filled to make the main street. Bath road up both sides of creek, taking out from 1,000 to 1,400 tons of coal every day. Two veins were opened almost opposite each other with section feet of clear coal, about 300 workmen employed every day, men making from \$2 to \$3 per day. Town in the sanitary condition. A good bore well from 29 to 39 feet deep every four houses. Besides water works, machine shop 50x100, power house 30x50, 2 line stables 60x100, and no other stable in town, but several for cows up the branches. A train railroad runs three miles further up Island creek and brings in from 5 to 12 large logs, 4 or 5 time a day. The company has spent about two million dollars there in the past two years.

Deacon Wade is in Webbville.

Mr. Rules, of Louisville, is here, Doc Fraley, of Willard, is up today in the interest of the fine plant that is being worked up to the Willard.

Mr. Watson, of Georgetown, Ky., and Mr. Stafford came up Friday evening according to an appointment with the writer and they all started out Saturday morning to buy two car loads of cattle and two of sheep.

They succeeded in getting the cattle from Mr. Fraley and John Thompson.

Mrs. Lena Thompson and brother, Curt, went over to Monroe Walters. Fields, drummer, passed through here with his nice team of mules.

Eliza Webb's wife has a fine new boy.

Squire Giles has been quite sick a few days.

Judge Woods has returned from upper Maine.

Charley Floney has gone to Elliott county.

ing stock for his attractive clothing  
store. His nephew, Herolt H. Nash,  
of Lexington, is looking after the  
store in his absence.

A large number of Missions from  
Ashland went to Pikeville Monday to  
do some work in the Boyd Arch de-  
cisions. They were joined here by J.  
C. Adams and A. J. Garred.

Miss Mary Leta Evans and Michael  
Walford, of E. K. Junction, back of  
Ashland, came to Lexington, Tuesday  
evening, and were married at the  
court house. The bride was accompa-  
nied by her mother, Irvinia Irvin-  
ton.

## Reception.

Shimmering silks; lilies; laces;  
costly fabrics arranged in masculine  
eyes, but "created" into gowns ele-  
gant and beautiful, flashing jewels,  
beautiful women. Take all these with  
music, flowers, lights, the hum of  
feminine voices, and over all and  
everywhere the intangible but never-  
to-be-mistaken air of refinement and  
good breeding—all this and these, and  
you have the reception given last Fri-  
day afternoon by Mrs. J. C. Adams in  
honor of Mrs. Fred E. Shannon, of  
Brooklyn, N. Y. It was from 3 to 5,  
and if the time had permitted many  
would have lingered beyond the hour,  
such was the enjoyableness of the  
eventful occasion. It can well be  
doubted if the cozy parlor of the  
hotel Brunswick was ever the scene  
of a more charming two hours' func-  
tion. In its individual features noth-  
ing was absent, and the ensemble was  
complete.

The guest of honor and Mrs. Adams,  
the former in pink crepe de chine  
and the hostess in a becoming gown  
of blue, received. Both young matrons  
looked very well indeed. Mrs. Shan-  
non having entirely recovered from  
the fatigue of her westward journey,  
and Mrs. Adams perfectly at home in  
attending to the happiness of her  
numerous guests.

A new and pleasing feature of the  
afternoon was the music. It was  
made by mandolin and guitar, played  
by home musicians, and added greatly  
to the pleasure of the occasion. Part  
of the hall adjoining the reception  
room had been deftly turned into a  
Japanese apartment, draped with  
oriental robes and lighted by Nippon  
lamps. In this alluring quarter  
was an apparently never failing foun-  
tain of most delicious punch, and the  
room seemed never empty. The pre-  
siding Peris of this earthly paradise  
were some of Louisa's young men,  
giving promise of most attractive fu-  
ture. Shirley Burns, Clara Brom-  
ley, Jean Adams, Julia Snyder, and  
Marjorie Thorne, of Portsmouth.

From the entrance of the initial  
guest to the last reluctant departure  
all went pleasantly and happily, each  
fair visitor voting it quite the most  
recherche event of the season.

The Ladies Aid Society of the Epis-  
talian church met with Mrs. Sam Brom-  
ley Wednesday and held their annual  
election of officers. Mrs. L. M. Cop-  
ley's success as a presiding officer  
was fully attested by her re-election,  
with Mrs. Will Ferguson, Vice Pres-  
ident, Mrs. E. C. Jones as chosen  
as Secretary, Mrs. W. D. Pierce as  
Assistant Secretary, Mrs. C. P. Hill,  
Treasurer. Mrs. Sam Bromley, Assistant  
Treasurer. The society has accom-  
plished much good work during the  
year and feels greatly encouraged  
over the prospect of a new church  
soon.

On Friday afternoon, the 21st, at  
2:30 o'clock, the W. P. T. U. will  
observe their Flower Mission day at  
St. E. Church, South. All members  
are requested to be present and bring  
with them bunches of flowers to be  
distributed among the sick and the  
elderly. After the services, an in-  
teresting program will be executed and  
a nice time is anticipated. All ladies  
and friends invited.

Mrs. Josephine Hise, Pres.  
Miss Jean Adams, and a num-  
ber of her young friends Monday  
evening in honor of their charming  
visitor, Miss Mary Jane Clark of Port-  
smouth. A glowing evening of social  
amusement and the evening  
was most pleasantly spent. Punch was  
served by little Miss Lucile Sullivan  
and George William McClure.

The Fourth of July Committee dis-  
cuss to say that the name of Mr.  
W. F. Shipman, the clothier, was  
omitted from the list of contributors  
to the Louisa celebration. He was  
one of the first and largest contribu-  
tors. Also, they desire to further  
thank the band for furnishing the  
wagon used by them.

T. H. Roberts & Co. have completed  
the plot on this side of Levisa and  
are moving the plant to the Point  
side of Tug fork to drive piling for  
that pier. Piling for the other Le-  
visa pier will be driven next, so that  
the concrete work may go on without  
interruption when resumed.

P. H. Lear was here this week  
from Huntington visiting his many  
friends. It is his first visit for two  
years, he having spent that time in  
Denver, Col. His health is somewhat  
improved, we are glad to say. He  
expects to go to Southern California  
to spend next winter.

J. M. Newcomb, a native of this  
county, was down from Nagsburg  
recently visiting relatives. He went  
there several years ago and by faith-  
ful service has won steady promotion  
until now holds a responsible position  
with a large mining company.

mills is for rent for one year. New

joining counties is fine this year.

Another oil well will be started in  
the Yatesville neighborhood next  
week, this time on James Short's  
place. The well on Landon Carter's  
farm has a small showing of oil, but  
not in paying quantities.

tractive office on the second floor of  
the new building near the depot.

Mrs. Henry Cullis, is suffering from  
appendicitis at their home below Lou-  
isa.

## PER CAPITA, \$3.25.

### Highest Pay Ever Given Teachers of Kentucky.

Frankfort, Ky., July 12.—State Su-  
perintendent Fuqua this morning fixed  
the common school per capita for the  
fiscal year ending June, 1906, at \$3.25,  
a high record mark in the allowance  
to the teachers of the State. The  
highest ever before declared was last  
year, when it stood at \$2.55.

The fixing of the per capita at this  
high figure will be good news to the  
teachers of the State. It was fixed  
upon an estimate of resources, made  
yesterday by Auditor Baker, of \$2-  
122,000 for the school fund.

During the coming school year there  
will be about 731,000 children of  
school age, about 3,000 less than the  
previous year. Superintendent Fuqua  
has also given his attention to reduc-  
ing the number of common schools in  
sparsely settled districts, and will  
thereby reduce the number of false  
pupils, for which allowance is made,  
and will secure better class of teach-  
ers.

### The Canning Factory.

If you want to witness a sight that  
will do your business eye good, go  
and see the Louisa Canning Factory  
in operation. No such inspiring sight  
has been seen here before. With  
everything and everybody hustling  
and yet moving like clockwork, the  
operation will interest anyone.

The plant started last week and  
made a short run, but went on in full  
blast Tuesday. Manager Chesterfield  
has everything running with remark-  
able smoothness. Beans are now  
coming in by the wagon load and  
going into the cans with remarkable  
rapidity.

Just across the river a number of  
persons are engaged in picking beans  
from the large acreage grown by the  
company.

Farmers are invited to call and see  
the factory in operation.

### An Old Show With New Features.

Many of us have visited the Van  
Amburg Shows in years past and re-  
member with pleasure the splendid per-  
formance this show always gave the  
public. It is one of the shows that  
gives all it advertises and its motto,  
"Please the people and they will  
please you," is the corner-stone upon  
which the great success of the  
Van Amburg Show is built. Starting  
more than forty years ago with a  
small wagon show, today it travels all  
over the country in its own magnif-  
icent cars by special trains. The im-  
provement on the old-time perform-  
ance is just as great and every ad-  
vance in its big tents is of a high  
order and strictly up to date. Ele-  
phants, camels and a large collection  
of trained animals and ponies are to  
be seen in the grand free street pa-  
rade on the morning of the day of  
exhibition.

Van Amburg's Show will exhibit  
in Louisa, Ky., on Saturday, July 15.

W. W. Bramfield, Luke Watson and  
Sam Brown, laborers on the O. & R.  
S. at Buchanan, were seriously hurt  
by a powder explosion. After drill-  
ing a hole in some stone and drill-  
ing it in a light charge to expand  
the hole, and then followed this up  
soon with the heavy charge which  
caused it to explode from the heat and  
a explosion, blowing all the men some  
distance and firing all their clothes  
and ran, with their clothing in  
flames, about 300 yards to the Big  
Sandy river and jumped in, screaming  
all the while. They were all  
seriously burned, but it is thought  
they will recover.

Rev. F. F. Shannon, of Brooklyn,  
New York, delivered two sermons  
in this city on Sunday. He is a native  
of the Big Sandy country and our  
people are proud of the record he is  
making. Young, eloquent and deligh-  
tfully pleasant, we were impressed  
with his unassuming address. Mark  
our prediction, his future will be a  
record breaker in the pulpit. His rapid  
advancement has already shown the  
high appreciation in which he is  
held in the religious world.—Catletts-  
burg Press.

Mr. and Mrs. Roscoe Murray have  
returned from Irvin, Ohio, and  
points in W. Va., where they spent  
the week of July 10th and report an  
excellent time.

Rev. Powell, of West Va., has been  
conducting a series of meetings here.  
Mr. Wm. H. Litteral, of Old Springs,  
was stopping here the first of the  
week on his return from a visit to  
his best girl in Ohio.

Mrs. Mollie Murray and Mrs. Lizzie  
Preston were calling on Mrs. Julia  
Boyd Sunday.

Dr. W. W. Wray is laughing over  
the arrival of a ten-pound visitor.  
School opened at Richardson Mon-  
day with Roscoe Murray as teacher.  
Elders John Murray and J. W.  
Mottet are expected at Preston Gap  
Saturday for church.

Married, recently, Seymour Price  
and Mary Alice Boyd, daughter of  
section foreman, Mart Boyd.

Rubin and Henry Boyd attended  
church at Tomahawk Sunday.

### CURE FOR HAY FEVER.

A. M. Hughes Says Hay Fever Will Give Relief.  
—Sold Under Guarantee.

A. M. Hughes wishes us to announce  
that when Hyonol is used as a pre-  
ventive, or a cure, there will be no  
hay fever. He advises daily treat-  
ment with Hyonol for two of three  
weeks before the usual time for the  
annual appearance of hay fever. If  
this is done, the attack will be pre-  
vented. However, if the preventive  
treatment is not started soon enough,  
and the disease makes its appearance,  
Hyonol six or seven times daily, and  
relief will be given at once.

There is no stomach dosing when  
Hyonol is used. Breathed through  
the nasal pocket inhaler that emu-  
sates every outfit, its medicated air  
reaches the minutest air cells, killing  
all germs and soothing and healing  
the irritated mucous membrane.

The complete Hyonol outfit costs  
but \$1, extra bottles five cents. It is  
the only treatment for hay fever sold  
by A. M. Hughes under a guarantee  
to refund the money if it does not  
give satisfaction.

W. D. Fitzpatrick, of Salt Peter, W.  
Va., was in town Sunday.

## Thos. D. Burgess, Jr.

Died, on the night of July 8th,  
Thomas D. Burgess, Jr., the seven-  
month-old son of Dr. and Mrs. T.  
D. Burgess, of Matewan, W. Va. The  
body was brought to Louisa and now  
rests in Fulkerson Cemetery.

The funeral took place Monday af-  
ternoon at 3 o'clock from the resi-  
dence of Augustus Snyder. The ser-  
vices were conducted by Rev. O. F.  
Williams, of this place and Rev. Hol-  
brook, from Matewan, both of the  
M. E. Church, South. The choir  
from Rev. Williams' church sang  
some appropriate selections. Quite a  
number of sympathizing friends were  
present besides the relatives.

This bright and promising little boy  
was forced to give up the struggle for  
life after an illness of three  
weeks, which ended with inflamma-  
tion of the stomach and bowels. It  
was one of those cases in which every  
means at the command of human  
hands fails to stay the ravages of  
the death-dealing disease, proving to  
us our utter helplessness in the face  
of the inevitable. This little son  
was the hope of his parents. It  
would be impossible to find a father  
and mother who were fonder of a  
child than Dr. Burgess and wife of  
this little one. The heart-rending  
grief attending such a separation is  
known only to those who have had  
the awful experience; but from all  
such as well as from more fortunate  
friends of the bereaved family, the  
sincerest sympathy goes out.

Dr. Burgess and wife went to Gal-  
lup the next day for a short stay  
with their mother, Mrs. Onoda Bur-  
gess.

Those in attendance at the funeral  
from other points were Mrs. Eliza-  
beth Burgess, of Huntington, Mr. and  
Mrs. Will Burgess, of Lexington, Dr.  
Thompson, of Pikeville, Mr. Apple and  
Rev. Holbrook, of Matewan, Mrs.  
Onoda Burgess and Mr. and Mrs. M.  
L. Burgess, of Gallup.

The following is taken from the  
Lexington Herald:

Prof. J. H. Johnson, Assistant Pro-  
fessor of Mathematics at the State  
College has formally resigned to ac-  
cept the chair of Mathematics in the  
Nevada University. His letter of resig-  
nation is as follows:

"Houghton, Mich., June 21, 1903.  
"To the President and Board of Trus-  
tees of the A. and M. College of  
Kentucky, Lexington, Kentucky.  
Gentlemen:

"I desire to resign my position,  
Assistant Professor of Mathematics, in  
Kentucky State College, and here-  
with tender my resignation to take  
effect at once, having accepted the  
Chair of Mathematics and Mechanics  
in Nevada State University.  
"It is with deep regret that I leave  
the college of my birth and my na-  
tive State, but I feel that chances  
for my advancement are better else-  
where.

"I take this opportunity of ex-  
pressing to the president of the col-  
lege, and to the members of the  
Board of Trustees, my appreciation  
of their many kindnesses shown me  
during my connection with the col-  
lege.  
Most respectfully,  
J. H. JOHNSON."

### The Great Van Amburg Show.

Our citizens will soon have an op-  
portunity of visiting one of the good  
shows of the country. The Great Van  
Amburg Show will pitch its tents in  
Louisa, on Saturday, July 15. The  
show promises to come this year  
larger and better than ever before.  
The many up-to-date features pre-  
sented by this show are novel and  
startling. The horses and trained  
ponies are the best. Elephants, cam-  
els, lion and a large collection of  
trained animals are to be seen in  
the grand free street parade, in  
the forenoon of the day of exhibi-  
tion.
